WELLNESS

ENHANCED ESSENTIAL Probiotics

Our bodies are home to trillions of bacteria – both good and bad -- coexisting together inside our intestines. While tiny in size, these dynamic microorganisms play a pivotal role on many aspects of our health from digestion and intestinal function to immunity. When “bad bacteria” take control, it disrupts our intestinal balance and can lead to gastrointestinal discomforts such as indigestion, bloating, occasional constipation, and an upset stomach. Introducing “good bacteria” to our diets can go a long way in helping us achieve just the right balance of microflora needed for optimal gut health.*

ENHANCED ESSENTIAL PROBIOTICS

is a great tasting yogurt flavored, oral dissolving powder designed to promote peak intestinal health. Made with 8 different strains of probiotics and 4 kinds of prebiotics, it arms the body with “good bacteria” to improve intestinal defense, defend against harmful bacteria, relieve gastrointestinal discomforts, promote nutrient absorption and improve digestive function.*

KEY INGREDIENTS

8 unique strains of probiotics that are backed by science and research.

Lactobacillus plantarum, Lactobacillus casei, Lactobacillus rhamnosus, Lactobacillus acidophilus, Lactococcus lactis, Bifidobacterium breve, Bifidobacterium animalis ssp. lactis, Bifidobacterium bifidum

4 Types of Prebiotics provide nutrition to the probiotics and help stimulate their growth.

Chicory Root Extract, Maltodextrin, Fructo-oligosaccharide, Galacto-oligosaccharide

Derived from Korea's world renowned superfood - **kimchi** - *Lactobacillus plantarum* is a highly resilient strain of probiotics known to ward off harmful bacteria and eliminate toxins from the body.*

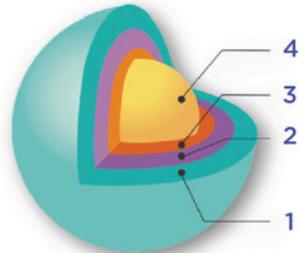

QUADRUPLE COATING TECHNOLOGY

Probiotics are live, active strains of bacteria, which means their viability can be easily compromised before reaching our intestines.

That's why Enhanced Essential Probiotics incorporates a patented delivery system called quadruple coating technology to protect the probiotics from being destroyed as they pass through the digestive tract.

Quadruple coating technology is proven to significantly increase the survival rate of our probiotics by blocking external factors such as moisture, ensuring the probiotics successfully reach the intestines so that the body is able to reap maximum health benefits.

KEY BENEFITS

- Delivers over 10 billion probiotics per serving
- Promotes ultimate intestinal health*
- Relieves common gastrointestinal discomforts such as occasional constipation and upset stomach*
- Helps facilitate the absorption of nutrients*
- Maintains optimal function of digestive system*
- Supports the body's immune system*
- Certified by the Korea Health Supplement Association (KHSA) to ensure top quality and safety
- Great tasting, easy to use formula perfect for children and adults

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

DIRECTIONS FOR USE

Consume contents of one stick pack per day after a meal. Children and elderly can consume with water.

CAUTION

Consult your healthcare professional prior to use if taking medication or if under medical care. Keep out of reach of children. Keep product out of direct sunlight, high temperature or extreme humidity.

INGREDIENT LISTING

Isomalt, Glucose, Chicory Root Extract, Skimmed Milk Powder, Fresh Cream Mixture Powder (Soybean), Xylitol, Fructo-oligosaccharide, Vitamin C (ascorbic acid), Milk Flavor Powder, Galacto-oligosaccharide, Lactobacillus plantarum, Lactobacillus casei, Lactobacillus rhamnosus, Lactobacillus acidophilus, Yolk Powder, Silicon Dioxide, Yoghurt Flavor Powder, Bifidobacterium breve, Lactococcus Lactis, Bifidobacterium animalis ssp. lactis, Maltodextrin, Bifidobacterium bifidum, Japanese Apricot Powder, L-Leucine, L-Arginine, L-Glutamine, L-Isoleucine, L-Valine, Zinc Oxide, Vitamin B2, Cranberry Concentrate, Plums Concentrate.

CONTAINS: Soy, Milk, Eggs.
