WELLNESS

Triotein

Triotein™ is a high-quality, 99% lactose-free whey protein powder that provides the amino acids needed to stimulate the body's production of intracellular glutathione peroxidase (GSH). GSH is a naturally-occurring antioxidant that studies have shown to most likely be the most important molecule the body has for defense against toxins and the prevention of damage to cells.*

TRIOTEIN HELPS YOUR BODY DEFEND ITSELF

As we age, our level of GSH in cells diminishes for a variety of reasons – stress, microbial attack, cellular change, age, and lack of nutritional support. Because our GSH “pool” is not infinite we must replenish or maintain our levels of GSH to retain optimal health. Featuring the highest grade of whey protein isolate, Triotein is a highly specialized formula packed with nutrients to support vital cellular processes and an active lifestyle.* Supplemented with Vitamin D and added levels of 3 key amino acids, Triotein serves as an essential building block that can help boost immunity, protect against free radicals, and provide intracellular support.*

JUST ONE SCOOP OF TRIOTEIN GIVES YOU...

- 9g of non-GMO protein designed for easy digestion
- 2,000mg of L-Glutamine
- 1,000mg of L-Glycine
- 500mg of L-Cystine
- 100% of your Daily Recommended Value of Vitamin D

PROTEIN

VITAMIN D

**ANTIOXIDANT
