

NHTGlobal

US/CA Market

Product Patents, Awards *and* Certifications

At NHT Global, our mission is to improve the wellness of people across the globe through our superior product offering.

We're proud to develop products that are fueled by market trends, formulated with the most efficacious ingredients, and based on patented science and the latest breakthrough discoveries. Our approach to innovation has allowed us to consistently introduce unique products that can deliver an immediate impact to our customers' quality of life.

Here is a snapshot of NHT Global products that have received awards and recognition.

Premium Noni

- ★ **Quality Crown Award (2004)** for quality
- ★ **Export of the Year Award (2010)** for excellence in exporting and contributions to the growth of the Samoan economy

- ★ **Manufacturer of the Year Award (2015)** for innovation and quality in manufacturing
- ★ **USDA** certified organic by QAI International
- ★ **Awarded the Symbol of National Quality (SNQ)** in Taiwan
- ★ **Halal Certified**

Omega-3 Essential Fatty Acids

- ★ **Independently lab tested** for 500+ potential contaminants.
- ★ **Friends of the Sea (FOS) Certification:**
The fish oil used in NHT Global's Omega-3 Essential Fatty Acids received a sustainability certification from Friends of the Sea (FOS), an international organization dedicated to the conservation of marine habitats around the world.
- ★ **Awarded the Symbol of National Quality (SNQ)** in Taiwan
- ★ **Halal Certified**

ReStor Silver & ReStor Vital

- ★ **Patented for the use of jasmones and jasmonates** to improve bladder function (US Patent Nos. US9492403 & US8865660 and Chinese Patent Nos. CN103140223A & CN103429234A)
- ★ **ReStor Silver and ReStor Vital** are the only supplements designed specifically to help the body create more of the critically important enzyme, Calcium ATPase
- ★ **Halal Certified (ReStor Silver Only)**

OcuFocus

- ★ **Patented technology:** OcuFocus key ingredient, Lutemax®2020, possesses process and composition patents granted in Europe Patent No. EP2473065B1, China Patent No. CN102481011, Australia Patent No. AU2010290970B2, Canada Patent No. CA2771967C, Japan Patent No. JP5778676B2 and Korea Patent No. KR101479821B1.
- ★ **Clinically proven, award-winning ingredient:** OcuFocus' key ingredient, Lutemax®2020, is clinically proven to increase MPOD (macular pigment optical density) in as little as 8 weeks.
- ★ **Halal Certified**

Floraeda Hydrating Series

- ★ **Made with the following ECOCert® certified organic ingredients:** ALPAFLOR® EDELWEISS, ALPAFLOR® NECTAPURE PF, and ALPAFLOR® SCUTELLARIA AO. Cosmetic ingredients that bear the ECOCert® logo have passed the strict criteria of an independent, third-party certifying body, ensuring the highest standards for organic integrity have been met.

BioCell SC

- ★ **Patented bio-cellulose sheet** (Korean Reg. No. KR10-0405776).
- ★ **Patented ingredients:**
 - Oriental Beauty Fruit Newplex is patented for its antioxidant effects (Korean Reg. No. KR10-0899502).
 - Natural Protectors are patented for their skin calming, moisturizing, and sebum controlling activities (Korean Reg. No. KR10-0910747).
- ★ **Clinically proven skin benefits:** BioCell SC is clinically proven to improve skin hydration, minimize pores, and increase skin gloss after just one use, and improves skin brightness and elasticity after just 4 weeks.
- ★ **Clinically proven to be non-irritating.** Irritation patch testing demonstrated that NHT Global's BioCell SC is non-irritating when applied to human skin.

Enhanced Essential Probiotics

- ★ **Certified by the Korean Ministry of Food and Drug Safety (MFDS)** formerly known as the Korea Food & Drug Administration
- ★ **Patented Ingredient:**
 - Lactobacillus Rhamnosus is patented for its inhibitory activity on adhesion (Korean Reg. No. KR 10-0646938) and for its immunoregulatory function (Korean Reg. No. KR10-0742900).
- ★ **Patented delivery system:**
 - Enhanced Essential Probiotics patented quadruple coating technology reduces the distribution loss after production by blocking external environment factors such as moisture, thereby protecting the probiotics from being destroyed as they pass through the digestive tract (Korean Reg. No. KR10-1280232).

TwinSlim Probiotics

- ★ **Formulated with award-winning, patented ingredients.**
 - **Lactobacillus plantarum TCI378** is patented for its uses in reducing fat and improving gastrointestinal functions (Korean Reg. No. KR10-2033031, Japanese Patent No. JP6630388, Taiwan Patent No. TWI645854, US Application No. 16/854,676, China Patent No. ZL201810210650.7). In addition, it has received the following awards:
 - **Bronze Medal Award (2019)** at the Silicon Valley International Invention Festival
 - **Bacillus coagulans TCI711** is patented for reducing levels of heavy metals and protecting the liver. (Taiwan Patent No. TWI669124 and China Application No. CN201910669961.4)

LaVie+

★ Award-winning, clinically proven ingredients

- Fresh Ginseng Extract is patented for improving cardiovascular health and anti-fatigue effects (Taiwan Patent Nos. TWM474516 & TWM450381; Chinese Patent Nos. ZL201320008877.6 & ZL201320418140.1) and is clinically proven to improve fatigue, mental focus, and antioxidation levels¹.* In addition, it has received the following awards:

- CitriSlim® Ponkan Unripe Fruit Extract has received the following awards:

- Silver Medal Award at International Exhibition of Inventions of Geneva (2013)
- Ringier Technology Innovation Award for Food & Beverage (2013)

★ Award-winning technology

- double 2 NUTRI™ Technology uses a patent-pending emulsification process to increase product bioavailability by more than two-fold. In addition, it has received the following awards:

double 2 NUTRI

- Gold Medal Award at the London International Invention & Trade Expo (2020)
- Gold Medal Award at the Canada International Innovation Competition (2020)
- Silver Medal Award at the Tokyo World Genius Convention and Education Expo (2018)

- Synergene® Technology harnesses the synergistic combination of black tea and citrus, which delivers collagen-boosting benefits to support blood vessel health and circulation.* In addition, it has received the following awards:

Synergene

- Gold Medal Award at the London International Invention & Trade Expo (2020)
- Gold Medal Award at the Canada International Innovation Competition (2020)

¹ The ginseng clinical studies were based on participants taking the equivalent of 2-3 packettes of LaVie+ daily.

Airelle®

★ **Scientifically proven ingredient:**

- Berrimatrix® is a super antioxidant compound scientifically proven to defend against the appearance of Infrared A-induced photoaging.

★ **Clinically proven:** In a self-evaluation study of 16 subjects over 28 days of twice-daily application, 92% of users reported an improvement in the appearance of fine lines and wrinkles after using the Airelle® Age-Defying Facial Serum.

ADAMAS

★ **Registered by the Korean Ministry of Food and Drug Safety (MFDS)** formerly known as the Korea Food & Drug Administration

★ **Patented Ingredient:**

- Illumiscin® is patented for reduction of the appearance of age spots (European Patent No. EP2218441).

FE Enzyme Toothpaste

- ★ **FE Enzyme is developed by Fudan University.**
- ★ **Clinically proven** to improve sensitive gums and whiten teeth
- ★ **Award-winning technology:**
 - China Torch Program - Certificate No. 2015GH020275 for the application of FE Enzyme and Certificate No. 2004EB020340 for the technology of FE Enzyme

RespFactor

- ★ **Award-winning, clinically proven ingredient:** Unripe snow pear extract won a Gold Medal at the 45th International Exhibition of Inventions Geneva, and clinical studies show it can effectively defend against PM2.5 particles.

NaturalGlo

★ **Clinically proven:** In a 4-week clinical trial evaluating its efficacy on skin, NaturalGlo was shown to improve the appearance of wrinkles, firmness, pore size, skin elasticity, brightness, and skin texture.

★ **Formulated with award-winning, clinically proven ingredients.**

- **Snow Lotus Extract (Saussurea)** is proven to promote longevity and to have greater free radical scavenging activity than the snow lotus plant. In addition, it has received the following awards/honors:

- Silver Medal Award at the 7th International Salon of Inventions and New Technologies (2011)
- Silver Medal Award at the 5th International Warsaw Invention Show (2011)
- Gold Medal Award at the 26th World Genius Convention and Education Expo (2012)
- China Personal Care & Cosmetics Innovation Award (2013)
- Gold Prize and Special Prize at the Seoul International Invention Fair (2016)

- **Djulis Extract** is clinically proven to have positive effects on skin barrier integrity, endogenous antioxidant activity, skin hydration, the appearance of skin tightness, and collagen preservation. In addition, it has received the following awards/honors:

- Gold Medal Award at the International Exhibition of Inventions in Geneva (2014)
- FIRI Award for Best Invention at the International Exhibition of Inventions in Geneva (2014)
- Patented as a method for enhancing collagen secretion and improving the appearance of skin aging (Taiwan Patent No. TWI516280)

CurcuMore

- ★ **Patented, clinically proven ingredient:**
 - CurcuMore's key ingredient, UltraSOL™ Curcumin, is a clinically studied form of curcumin that is proven to be 31 times more bioavailable, and it possesses a composition patent in the US (Patent No. US9724311).
- ★ **Halal Certified**

Alura Lux

- ★ **Patented for the topical application of menthol and L-arginine:** (US Patent No. US6322493 and US6702733 and all foreign counterparts thereof, International Patent Application No. PCT/US00/33987, European Patent No. EP1242009, Hong Kong Patent No. HK1051480, Chinese Patent No. CN1326503, and Brazil Patent No. BRPI0016619)
- ★ **Based on the 1998 Nobel Prize** winning discovery of nitric oxide as a signaling molecule
- ★ **Halal Certified**

Valura Lux

- ★ **Patented for the topical application of menthol and L-arginine:** (US Patent No. US6322493 and US6702733 and all foreign counterparts thereof, International Patent Application No. PCT/US00/33987, European Patent No. EP1242009, Hong Kong Patent No. HK1051480, Chinese Patent No. CN1326503, and Brazil Patent No. BRPI0016619)
- ★ **Based on the 1998 Nobel Prize** winning discovery of nitric oxide as a signaling molecule

StemRenu®

★ Patented Ingredient:

- Bioperine® is patented for the improvement of gastrointestinal absorption and systemic utilization of nutrients and nutritional supplements. (US Patent Nos. US5536506, US6054585, US5744161 & US5972382; European Patent No. EP0810868; Canada Patent No. CA2247467; Japan Patent No. JP3953513)

★ Certified Organic Ingredients:

- Organic Marine Algae (AlgaeCal™)
- Organic Aloe Vera
- Organic Maca
- Organic Fucoidan Algae

★ Independently inspected for 500+ potential contaminants

Skindulgence Probiotic Ampoule

★ Patented Ingredients:

- Biosaccharide Gum is patented for its protective effects against pollutants (France Patent No. FR2837388B1).
- Gossypium Herbaceum (Cotton) Seed Extract is patented for its use as a skin photoprotective agent (Spain Patent No. ES2579385B1).
